 - US Nonprofits only
- Creator Academy

The screenshot shows the Google Maps Platform website. The browser's address bar displays the URL `mapsplatform.google.com/lp/maps-apis/`. The page header includes the Google Maps Platform logo. The main content area features the heading "MAPS API" followed by the large text "Start building with Maps APIs at no cost". Below this, a subheading states "Get free* calls every month based on the complexity of your Maps needs." There are two buttons: "Create your account" and "Calculate your costs". To the right of the text is a large image showing a cityscape with three map overlays: a standard street map, a topographic map, and a map with green tree icons.

Microsoft for Nonprofits Sign Up

The screenshot shows the Microsoft for Nonprofits website. The browser address bar displays 'https://nonprofit.microsoft.com/'. The navigation bar includes the Microsoft logo, 'Nonprofits', and links for 'Products', 'Solutions', 'Eligibility', 'Resources', 'Find a partner', 'Contact us', 'Login', and a 'Get started' button. A user profile icon is visible on the right. The main content area features a large image of a smiling woman in a blue shirt holding a clipboard. Below the image, the heading 'Get started with nonprofit tech to move your mission forward' is followed by text about saving on Microsoft solutions and a link to an eligibility pre-check. A 'Start' button is provided. Further down, there are two columns: 'Apply for nonprofit grants and discounts' with a list of required information (Legal identifier, Physical address, Contact info) and an 'Apply' button; and 'Sign in to your Nonprofit Hub' with instructions on how to sign in and a 'Sign in' button.

Trello - Task Tracker

Atlassian - Jira, Confluence...

The Jira landing page features a clean, modern design with a light gray background. At the top, the Jira logo is on the left, and navigation links for Features, Solutions, Product guide, Templates, and Pricing are in the center. On the right, there are buttons for 'Get it free' and 'Sign in'. The main headline reads 'Great outcomes start with Jira' in a large, bold font, with 'Jira' in orange. Below this, a sub-headline states 'The only project management tool you need to plan and track work across every team.' To the right of the text is a sign-up form with a 'Work email' field containing 'you@company.com', a 'Sign up' button, and a note about using a work email for best experiences. Below the sign-up form are links to 'Continue with Google' and 'Continue with Microsoft'. The bottom section displays five categories of work: 'PRODUCT & USER TRACKING' (Software Development), 'PLAN & LAUNCH CAMPAIGNS' (Marketing), 'PLAN & TRACK IT PROJECTS' (IT), 'BUILD CREATIVE WORKFLOWS' (Design), and 'CREATE & OPTIMIZE PROCESSES' (Operations). Each category has a representative image and a brief description of its capabilities.

The Confluence landing page has a light blue header with the Confluence logo on the left and navigation links for Features, Resources, Templates, Pricing, and Enterprise on the right. 'Get it free' and 'Sign in' buttons are on the far right. The main headline is 'Goodbye silos, hello teamwork' in a large, bold font. Below it, a sub-headline says 'Create, share, and harness knowledge across teams'. To the right is a sign-up form with a 'Work email' field containing 'you@company.com', a 'Sign up' button, and a note about using a work email. Below the sign-up form are links to 'Continue with Google', 'Continue with Microsoft', and 'Continue with Apple'. The bottom section features four navigation tabs: 'Pages', 'Whiteboards', 'Databases', and 'Spaces'. The 'Pages' tab is selected, showing a section titled 'Get everyone on the same page' with a sub-headline 'Take notes, plan projects, and refine ideas with flexible Confluence live docs and pages. Or let AI do it for you.' Below this is a list of features: 'Create content with ease' (Confluence templates, Realtime collaboration, AI editor), 'Realtime collaboration with live docs, or draft and publish with pages', and 'AI editor to fill in the blanks'. To the right is a screenshot of the Confluence interface showing a document titled 'Strategy brief' with a green checkmark and a message 'Strategy brief has been successfully updated'.

Salesforce Nonprofit Cloud CRM

- Customer Relationship Management (CRM)
- Software as a Service (SaaS) - Cloud
- 10 Salesforce Nonprofit Cloud at no cost
- Free learning via

- Libre Office - Word processor, spreadsheet, presentations
- GIMP - Open source image creation/manipulation
- OpenShot - Video Editor
- Audacity - Audio Editor

The screenshot displays the Google NotebookLM web application interface. The browser address bar shows the URL: `notebooklm.google.com/notebook/868668d5-c39d-4e7a-ad6b-84ff1bd89706`. The document title is "Building 3D Web Interoperability for the Metaverse".

Sources Panel: Lists four PDF sources, all of which are selected (checked):

- 2023_JCCSA_Metaverse.pdf
- 3DWebInterop.pdf
- IoTMetaverse.pdf

Chat Panel: Contains a query: "How can open-source development and digital twins foster robust, interoperable, and scalable metaverse platforms?". The response discusses the importance of open-source development and digital twins for fostering robust, interoperable, and scalable metaverse platforms. It mentions enabling seamless communication, transparent development, and real-time integration of physical and digital realities. It also lists contributors: Open-Source Development, Interoperability and Innovation, and IoT and Open Metaverse: A Study Guide.

Studio Panel: Includes an "Audio Overview" section with a link to "Create an Audio Overview in more languages! Learn more". Below this is a "Deep Dive conversation" section with a "Generate" button. The "Notes" section at the bottom lists several notes: "Study guide", "Briefing doc", "FAQ", "Timeline", and "IoT and the Open Metaverse: A Study Guide".

Colon Cancer Screening

The screenshot shows the website of the Colorectal Cancer Alliance. The browser address bar displays the URL `colorectalcaner.org/screening-prevention/get-screened-45`. The website header includes the organization's logo, a helpline number (877) 422 2030, links to a screening quiz, My BlueHQ, About Us, and a language selector. A prominent pink 'DONATE' button is located in the top right. A navigation menu below the header lists categories: The Basics, Screening & Prevention, Treatment, Resources & Support, Research, and Get Involved. The main content area has a blue background with the title 'When should I start getting screened for colorectal cancer?'. Below the title, text states that colorectal cancer rates are rising among younger adults, leading to current guidelines recommending screening at age 45 for average risk individuals. It also notes that early detection is key and that screening can prevent colorectal cancer. A 'SHARE' button is in the top right corner of this section. At the bottom, a section titled 'Current guidelines: begin colon cancer screening at 45' is partially visible, accompanied by a photograph of a smiling man and a child.
