Computational Resources

- <https://www.google.com/nonprofits/>
- Google Workspace
- Google Ad Grants
- YouTube Nonprofit
- Google Earth and Google Maps

- Institutional Gmail (@your-domain), Calendar
- Google Meet - up to 150 participants
- Google Drive - 100TB of shared storage
- Docs/Sheets/Slides
- Keep
- Sites/Forms

- Up to \$10,000/month credit
- Drive traffic to your website
- Google Analytics - analyze web site traffic

The screenshot shows the Google Maps Platform website in a web browser. The browser's address bar displays the URL `mapsplatform.google.com/lp/maps-apis/`. The page header features the Google Maps Platform logo. The main content area has a light gray background with the text "MAPS API" in a small, dark font. Below this, the headline "Start building with Maps APIs at no cost" is prominently displayed in a large, black, sans-serif font. Underneath the headline, a smaller line of text states: "Get free* calls every month based on the complexity of your Maps needs." At the bottom of this text block, there are two blue buttons: "Create your account" and "Calculate your costs". To the right of the text, there is a large, composite image. It features a high-resolution aerial photograph of a city skyline, likely New York City, with the Empire State Building clearly visible. Overlaid on this image are three smaller, semi-transparent map tiles: a topographic map showing green hills and a river, a satellite map showing a body of water and a green shoreline, and a map with green circular markers indicating specific locations.

- <https://nonprofit.microsoft.com/>
- Microsoft 365 for nonprofits
- Azure \$2000 grant - cloud services (“rent someone else’s computer”)
- Dynamics 365 Business Central
- Advanced security - Microsoft AccountGuard for M365

Microsoft for Nonprofits Sign Up

The screenshot shows the Microsoft for Nonprofits website. The browser address bar displays 'https://nonprofit.microsoft.com/'. The navigation bar includes the Microsoft logo, 'Nonprofits', and links for 'Products', 'Solutions', 'Eligibility', 'Resources', 'Find a partner', 'Contact us', and 'Login'. A 'Get started' button is located on the right side of the navigation bar. The main content area features a large image of a smiling woman in a blue shirt holding a clipboard. Below the image, the text reads: 'Get started with nonprofit tech to move your mission forward'. This is followed by a paragraph: 'Save on [Microsoft solutions](#)—including Azure, Dynamics 365, Microsoft 365, and more. You don't have to decide on your solutions today, you can choose once you've been officially approved. To get started, take the eligibility pre-check.' Below this, there is a section titled 'Eligibility pre-check' with the text: 'This quick check can help you understand if your organization may be eligible.' and a '> Start' link. Further down, there are two columns. The left column is titled 'Apply for nonprofit grants and discounts' and contains the text: 'Before getting started, gather your organization's:' followed by three checked items: 'Legal identifier', 'Physical address', and 'Contact info'. Below this, it says 'Applying takes about 10 minutes.' and has an 'Apply' button. The right column is titled 'Sign in to your Nonprofit Hub' and contains the text: 'If you've already applied and you've been approved, sign in with your existing @onmicrosoft account or Microsoft 365 global admin account.' and has a 'Sign in' button.

Trello - Task Tracker

Atlassian - Jira, Confluence...

The Jira sign-up page features a clean, modern design with a light gray background. At the top, the Jira logo is on the left, and navigation links for Features, Solutions, Product guide, Templates, and Pricing are in the center. On the right, there are buttons for 'Get it free' and 'Sign in'. The main heading 'Great outcomes start with Jira' is prominently displayed, with the Jira logo in orange. Below this, a sub-headline reads 'The only project management tool you need to plan and track work across every team.' To the right of the text is a sign-up form with a 'Work email' field containing 'you@company.com', a 'Sign up' button, and a 'Or continue with' section with Google and Microsoft icons. At the bottom, five vertical cards represent different use cases: Software Development, Marketing, IT, Design, and Operations, each with a brief description and a visual representation of the tool's interface.

The Confluence sign-up page has a light blue header with the Confluence logo and navigation links for Features, Resources, Templates, Pricing, and Enterprise. On the right, there are buttons for 'Get it free' and 'Sign in'. The main heading 'Goodbye silos, hello teamwork' is in a large, bold font. Below it, a sub-headline reads 'Create, share, and harness knowledge across teams'. To the right is a sign-up form with a 'Work email' field containing 'you@company.com', a 'Sign up' button, and a 'Or continue with' section with Google, Microsoft, Apple, and a generic icon. Below the sign-up form, there are four tabs: 'Pages', 'Whiteboards', 'Databases', and 'Spaces'. The 'Pages' tab is selected, showing a section titled 'Get everyone on the same page' with a sub-headline 'Take notes, plan projects, and refine ideas with flexible Confluence live docs and pages. Or let AI do it for you.' Below this, there is a section 'Create content with ease' with three bullet points: 'Confluence templates to get started fast', 'Realtime collaboration with live docs, or draft and publish with pages', and 'AI editor to fill in the blanks'. On the right side of the page, there is a preview of the Confluence interface showing a document with a 'Strategy brief has been successfully updated' notification.
